

Understanding Challenging Behaviour

Do you ever wonder why your child always appears to behave in certain environments, and is challenging in others?

Would you like to understand why your child may be displaying challenging behaviours?

Would you like to understand the behaviour curve and what can trigger, or maintain behaviours?

Would you like to explore strategies to keep yourself, and family safe?

Come and talk to other parents in a safe and supportive environment, and explore ways to manage your child's behaviour.

Over two sessions, we will explore all the above questions, and consider different ways of managing challenging behaviours.

The sessions will be held at Ysgol Tir Morfa, Ffordd Derwen Site.

Session 1: 10.30 – 12.30 21st November 2019

Session 2: 10.30 – 12.30 28th November 2019

Please complete the form below and return to school as soon as possible. Please note due to the nature of the sessions spaces are limited.
